The Elba Clipper

Dewayne Pugh relates the details of the rescue that occurred earlier in the day to Elba's Fire Chief Lloyd Driggers. Driggers commended Pugh and others for their heroic efforts which saved the life of a baby girl Thursday morning from a fiery death. They were Good Samaritans indeed!

"THE MAN UPSTAIRS MUST HAVE PUT HER IN MY HANDS"

Good Samaritans join forces to save child

A terrible tragedy was averted last Thursday morning, May 24, when Dewayne Pugh, without thinking about his own personal safety, dove head-first through a window into a burning house.

Pugh, an employee of a roofing contractor, was working on the roof of the R. S. Jones residence Thursday morning when he noticed a house burning approximately 150 to 200 yards down the street.

He climbed down off the roof and ran to see if he could do anything to help. Upon arriving at the scene, he said he heard someone (Mrs. Chandler) saying that a child was still in the burning structure.

When the fire started, Mrs. Sarah Chandler and her five small children, whose ages ranged from five months to five years, were occupants of the house. She thought that she had managed to get all five of the children out before going for help, but after summoning the neighbors, she realized that the youngest, Samantha, was still asleep in the house.

"I went into hysterics, I don't know what I said," Mrs. Chandler said.

At his time when Pugh arrived upon the scene and heard Mrs. Chandler saying that her baby was still in the house.

A neighbor, Don Jones, had already attempted to enter the house, but was overcome by the smoke.

Mrs. Elizabeth Elliott, the next

door neighbor to the Chandlers, ran back to her home and got a towel and gave it to Pugh to put over his head before going through the window.

Elba's Fire Chief, Lloyd Driggers, stated that this smart action by Mrs. Elliott probably saved Pugh's life and allowed him to get the child out.

Pugh said, after he went through the window of the room in which the child was thought to be in, that the smoke was so thick that he couldn't see anything.

"I just felt around on the floor, the bed and everywhere until I found the baby," said Pugh. "After I picked up the baby, I just followed the smoke out. I could feel the air going out," he continued.

"The man upstairs must have put her in my hands," Pugh stated, "That's all I can figure out."

Chief Driggers later told Pugh just how much danger that he was in when he entered the smoke filled house without a breathing apparatus. "The towel saved your life," said Driggers.

Driggers praised Pugh for his action and Mrs. Elliott's smart thinking which he said "Saved the baby's life!" She was a heartbeat away from certain death," he said.

"I'm just glad the baby is okay. That's all I thought about and all I kept thinking about," Pugh said.

Pugh lives in Opp, Alabama, but is originally from Elba. His mother, Mrs. Fanny Pugh still resides in

Elba. Dewayne, the father of two children, said, "I just did what I had to do. Anybody would have done the same thing!"

Samantha and her three-year-old sister Nicole were admitted to Elba General Hospital where they were treated for some minor scratches, burns and smoke inhalation.

A third child, Timothy, was treated for a burn on his right arm and released.

Joseph, age 5, and Kyle, age 2, were not injured in the incident.

This heroic act by Pugh, smart thinking on the part of Elizabeth Elliott and Don Jones' willingness to act certainly averted a certain tragedy on this date!

MUTUAL SAVINGS SHOWS FAITH!!! Mutual Savings Life Insurance Company showed faith in Elba's ability to recover by repairing their office building located downtown on the square. Officials from the MS's Home Office located in Decatur, Alabama held a reception at their office location last Thursday to formally announce their intentions to rebuild. The Elba facility serves as a district office serving clients in the Elba, Enterprise, New Brockton, Brantley, Opp, Antalasia and Sanson areas. A total of 3 staff managers and 15 agents work out of the Elba office. MS Officials present at the reception are pictured above (L-R): Robert Senn, District Manager from Opp, AL; Don Johnson, President of Mutual Savings from Decatur, AL; Gary Grove, MS Senior Vice-President & Accounting Director from Decatur, AL; and Bobby Outlaw, MS Regional Vice-President from Troy, AL. Refreshments were enjoyed by all those present.

Coffee County Commission's holiday meeting is brief one

The Coffee County Commission conducted business in record time (twenty minutes) Monday, Memorial Day, as they met in regular session in the Enterprise Courthouse.

Coffee County's Extension Agent, Dan Presley, introduced Alana Cain to the commission. Alana will be coordinating the Summer Activities program being implemented in Elba by the County Extension Service.

The program will begin June 11 and is intended to provide a schedule of activities for children and youth ages 6 to 19.

For the younger children, a daily schedule of activities including arts and crafts, storytime and music, recreational games and refreshments.

Older children and youth programs will include classes in wood-working, small engine repair, computer, creative writing, cooking and various other topics. A baby-sitting clinic will prepare the participants for Red Cross Certification in baby-sitting.

Mr. Presley and Alana asked that the word be spread, if anyone is interested in working as a volunteer in the Summer Youth Activities program, please contact the County Extension Service at 894-5596.

Under the heading of old business, bids for pipe and steel piling were opened, but were tabled until the next commission meeting. County Engineer Mark Pool was out of town and had asked that he be allowed to review the bids when he returned Tuesday.

Submitting bids for pipe were the following companies and their price: J&G Culverts, Fayette, AL, \$28,071.18; Gulf-Atlantic Culvert, Tallahassee, FL, \$27,102.02; Southern Culvert, Pinellas Park, FL, \$30,007.56; Choctaw Culvert, Memphis, TN, \$27,001.75; and Dothan Concrete, Dothan, AL, \$43,986.90.

Bids for supplying steel piling were received from the following: L. B. Foster Co., Birmingham, AL, \$8,750 per ft. - \$8,750.00 total; Sky-

line Steel Corp., Cropwell, AL, \$8.02 per ft. - \$8,020.00 total; Sable Steel, Montgomery, AL, \$8.75 per ft. - \$8,750.00 total; and Syro Steel Co., Girard, OH, \$8.40 per ft. - \$7,392.00 total.

County Administrator Wilson Mobley asked that the news media make it known to the public of a change in voting locations in Districts One and Five.

The changes are as follows: District 5, Beat 17 moved from City Hall to the Army Reserve Center on Mill Ave.; District 1, Beat 6 moved from the Elba National Guard Armory to the Elba Livestock Market building; and District 1, Beat 15

moved into the Zion Chapel High School's gym.

Before adjourning the meeting, Commissioner Darnicus Crittenden reminded the commission that a raise in the Revenue Commissioner's annual salary of \$7,500, one time, and the Probate Judge's salary of \$5,000 per year for the next three years would become effective October 1, 1990.

Crittenden said, "We need to consider how we're going to fund these salary increases."

The Probate Judge's salary is reported at present to be \$40,000 annually and the Revenue Commissioner's salary is reportedly the same.

Early Kindergarten registration encouraged by school officials

Elba Elementary School is requesting that all parents who wish to enroll their child in Kindergarten, for the 1990-91 school year to please do so as soon as possible. Your child must be five years of age on or before September 1, 1990 to enroll.

You will need to bring your child's birth certificate, social security card, for registration. Registration will be at the Elementary School office, located in the National Security Airport hanger on Larkin Road. This is the big blue hanger on the left side of the road. If you do not have your child's birth certificate, social security card, or blue immunization certificate, please come by and pre-register your child anyway so that we can get an accurate count of students.

However, we must have all three of these items before your child will be permitted to attend school this fall. We need your assistance in this matter so we can make plans for the 1990-91 school year. If you have any questions please contact W.D. Crowe, 897-2814, for assistance.

Your cooperation will be greatly appreciated.

Two Lyme Disease cases are confirmed

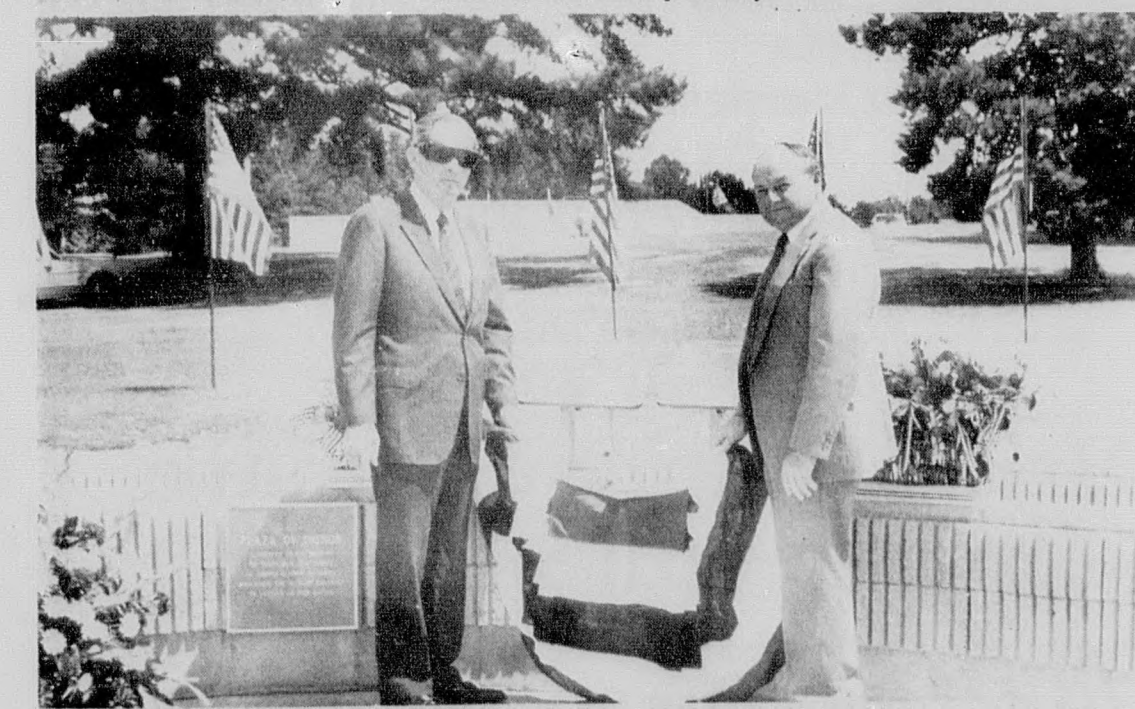

An Elba physician, Dr. Henry Cochran, reported to this newspaper Tuesday that he had treated two confirmed cases of Lyme Disease in the past week.

Dr. Cochran stated that this brings the total to four cases that he has seen since August of 1989.

Lyme Disease can be treated successfully without much discomfort to the patient if it is discovered in time.

Symptoms of the disease include being excessively tired and weak, feeling bad and a rash. If you have any of these symptoms, you should see your family doctor immediately.

Better safe than sorry!

MEMORIAL PLAQUES UNVEILED in special Memorial Services held last Saturday morning to honor World War II Veterans. The plaques are on permanent display in Veterans Memorial Park, on Highway 84 East, near National Security Insurance offices. Each of the sixty Coffee County citizens who gave died while defending their country during that war were honored with both a small flag and a white rose placed near the plaques.

BRAINSTORMS

With Ferrin Cox

Election time is just around the corner... in fact it is next Tuesday for the primaries. Readers have become accustomed to reading just how this country boy will vote. They laugh and/or snort, but go on and vote their own personal convictions. We respect this right - as long as they do vote. Anyway here we go again.

The Democrat list is longer and we will hit it first: In the governor's race, we are blessed with at least four candidates any one of which could run Alabama. Any two could emerge from the pack and be in the run-off three weeks from now. We have considered Ronnie Flippo, Paul Hubbard, Fob James and Don Siegelman. Neither Charles Bishop nor Ed Daw got any consideration from us. We know all but Flippo. Paul Hubbard has shown he is highly qualified in his present position. He has done great for the state's school teachers. However we feel he would be handicapped as governor because of this career of fighting for the teachers. It would be hard for him to serve everyone else because the teachers would expect continuing blind loyalty, which he couldn't give and still be a governor for all Alabama. That ain't critical of teachers, it just acknowledges they are human like the rest of us. We once predicted to family and friends that our friend Don Siegelman would one day be governor. However that was before he started opening his mouth and repeatedly inserted his foot. He lost a lot of core support and will have a hard time regaining it if he does become governor. Ronnie Flippo is presently in the U. S. Congress, serving as a Representative from North Alabama. We aren't sure what his platform is other than wanting to be governor. Early predictions that he was the man to beat have not proven true. That solid North Alabama support he was thought to have, just hasn't cropped up. Fob James has been governor and has made his share of mistakes. However of the group, we tend to favor James. It is not that we would be insulted by the nomination or election of one of the others, but kinda like his way of doing business. We are not uncomfortable with using the word *honest* in listing Fob James' qualifications.

Jim Folsom Jr. is seeking a second term as Lieutenant Governor and will get our vote. He is doing his job and not running around all over the state meddling in everyone else's affairs. We like that Jim.

Howell Heflin for U.S. Senate. There is no other choice. We think Mrs. Stewart just runs to pass away the time. Heflin has done a good job of representing Alabama in general, very loyal to the farmers of the Wiregrass area, staying in the front in the battle for the future of the peanut program.

The 2nd District is represented by a Republican and has been for longer than many area voters can remember. Congressman Bill Dickinson has had our support for all this time and will continue to get it. However of the two Democratic challengers on the ticket, Mrs. Faye Baggiano is the better qualified. Pulling the Democratic levers on June 5, we will vote for her.

The Attorney General's race puts us in a bind. We like two of the candidates but can only vote for one. Roger Bedford is getting left out because we can only vote for one person. Our lifetime association with Jim Sullivan and his family is just more than we can ignore. The young man from Andalusia is qualified, has served us well on the Public Service Commission and will serve us well as Attorney General. Jimmy Evans is also in that race, but we think he is too much of a grand stand man to serve Alabama for four or eight years.

Crum Foshee has made us all mad from time to time, but then that could just mean we are all thinking for ourselves. We will vote for Crum to return to the Alabama Senate. Wes Laird is an intelligent young man and badly wants to get into political office, but we don't think this is the time. We have known both these men forever. Crum from his high school days and Wes from the time his parents were in high school a few years behind us.

We will vote for Kenneth Ingram for Associate Justice of the Supreme Court. He is experienced in higher court work and has done well. Charles A. Thigpen for Court of Civil Appeals. There are two well qualified men in this race, but we are following the advice of people we respect in selecting this candidate.

P. George C. Wallace, Jr. for State Treasurer. No need to discuss that choice. Jackie Gibson gets our vote for State Auditor even though there is an Enterprise native, Terry Ellis, running against her. A. W. Todd is our choice for Commissioner of Agriculture. He has been there before and did a good job. He has strong opposition in Hance town who has endorsed a yard long from farm organizations, but we still are going to vote Todd.

David Hooks is our choice for Public Service Commission. His opponent is Jan Cook, the present Auditor. She stayed in the news with her living away from Montgomery and with her great ways of getting more state money for Jan. We want her back out here with us working for a living! Charles B. Martin has done a good job on the Public Service Commission and we are going to vote to send him back. Steadman S. Shealy, Jr. should be returned to the State Board of Education.

We ain't telling our secrets in the Representative's race, sheriff's race, nor the school board race. We still demand some privacy.

On the Republican side we think our friends would be comfortable with Guy Hunt for re-election as Governor; Bob McKee for Lieutenant Governor and Ed Ray for State Senator. Ray is from Atmore, a druggist who presently serves on the state board regulating drug stores and those who work there. We know nothing about the Republican candidates for Auditor or Public Service Commission.

WE GET LETTERS

Dear Editor:

Enclosed is a copy of a letter Betty and I recently wrote to Congressman Dickinson. This letter was written in reference to the problems our fellow business men, and friends and neighbors are experiencing concerning the red tape involved with securing SBA loans to get back into business, homes repaired and etc., in order to help OUR town recover from the flood.

We hope that this letter reflects the thoughts and needs of the people of Elba and that it will get some attention in the areas where it will be of some help. Also we wish to use this time to say to our GOOD and LOYAL customers - we appreciate the many words of encouragement which we have received and say to you all, "It won't be long now!"

With all good wishes, I am,
Sincerely yours,
Waylon V. Adkinson

Dear Honorable Congressman Dickinson:
As a local businessman in Elba, Alabama, I am writing this letter on behalf of other businesses and the residents of our town.

As you know a flood ravaged our town two months ago - leaving the business community virtually destroyed. To date, only a very few businesses are back in operation.

The major reason for this is due to the fact that we've not been able to get conformation on loans from Small Business Administration. The conformation is necessary for the majority of us to proceed further into re-establishing our businesses.

My family and I own a supermarket in Elba - known as the Elba Big Bear (Adkinson's, Inc.) which was destroyed by the flood. To date, we do not know the status of our loan application and it is crucial that we have something positive to rely upon. The building which we lease to operate our business from is being repaired and there are many pieces of equipment that need to be purchased and placed before some of the repairs can proceed.

We feel that it is urgent the SGA consider the fact that the citizens of Elba are having to drive out of town 20 to 30 miles to buy groceries as well as most other necessities. This places a hardship on the elderly and disabled in particular.

Also, with most businesses unable to operate, our city's tax revenue is almost completely gone. The merchants of Elba are not asking for a handout. We are asking for a loan to get back into business and thereby help our town recover from this disaster.

We are asking you to do whatever you can to get these business loans processed as soon as possible so that our town's recovery can be speeded up. This is a crucial time for us and any help you can give will be greatly appreciated.

Thank you for your time and consideration to this matter.
Respectfully yours,
Waylon V. Adkinson

Dear Editor:
In our troubled times since the flood, we have sometimes failed to notice events of significance that have taken place in our town. One such event that deems worth of praise is the production of the Wizard of Oz by our school drama club. My wife and I attended the play and were touched by the performance given by our young people.

In times when it would have been easy to quit, Jeanne Vignola gave second effort to accomplish a job well done. Our town and school are fortunate to have someone of her caliber to lead and direct our young people. With the help of her volunteers and the diligence of her students, Jeanne was able to treat the people of Elba to a first class production.

Congratulations
Ricky Hayward

Dear Editor:
As a former resident of Coffee County and Soil Conservationist, I want to recognize the work of representative Jimmy Holley. His ability to work with various interest in conserving and improving our soil, air and water. He not only talks conservation but practices it on his land. Cropland, pasture, forest and wild life needs are recognized. His experience as a teacher, business man, and legislator has gained recognition as the spokesman for environmental issues. He knows that labor needs a fair wage, business must have a profit and raw materials and the environment must be managed wisely. Holley has been a prime mover in organizing the newly created Choctawhatchee - Pea Rivers Conservancy District. The objective of this group in ten southeast Alabama Counties is to manage water resources in order to prevent severe droughts and floods.

Thank you for this means of expressing my views.
Sincerely,
Charlie Harper

Dear Ferrin,
I would like to use this means to inform the people of Elba that due to my health problems and the stress associated with the operation of the Elba Rescue Squad, I am resigning from the squad. I feel that I owe it to myself and family that I cease to be the Commander of the squad and devote the time in doing things I and my wife have planned to do.

I have enjoyed working on the squad and the people on it. We have a good squad and they perform a much needed work. The people of Elba should be proud of the members of the squad who devote their time and energy as volunteers. The assistant squad commander, Ricky Carlie, will assume duties of squad commander.

PASTOR'S CORNER Larry Powell First Assembly Of God

The wisest man who ever lived once wrote, "...they made me the keeper of the vineyards; but mine own vineyard have I not kept." (Song of Solomon 1:6)

Oh, how we love to watch the other man's vineyard (his life)! We can tell him what is wrong and how to go about repairing or working his vineyard. We may even be able to show him the branches that are in need of pruning.

What good judges we are of the other man's vineyard (his life). This is one area where the Lord has really had to work on me (and he still is). And, if you will read this article carefully, you may find Him already speaking to your heart. You see, it is so easy for us to get on our "band wagons" and try to push our "personal convictions," or our ideas, on other people. Our very society has a tendency to be judgmental. We hear the news and, according to one or two minute presentation, we declare a person guilty or innocent. Sometimes it is even difficult to select a jury because people have already been influenced and have decided the guilt or innocence of the individual. When we are looking at religious or moral matters, what we should do is to search the scriptures and see what the Lord says about the issue at hand. Let us not be guilty of pulling out one verse of scripture and using it to "verify" our "beliefs" without really searching the scriptures and looking at the context of that scripture.

Even the Apostle Peter had trouble in this area. In John 21:22, we find these words, "Peter seeing him (John), said to Jesus, 'But Lord, what about this man?' Jesus said to him, 'If I will that he remain till I come, what is that to you? You follow me.'" (NKJV) In other words, Peter was looking at John's life, when he should have been more concerned about his own faithfulness to follow the Lord. I truly believe if we would all do our very best to follow Jesus and to be obedient to the will of the Father, we would not have so much time to sit around and criticize our brothers and sisters in Christ for their lack of care in their vineyards (their life). Now, I am not saying we should not help others. What I am saying is, let us make sure it is honest help from a loving heart rather than critical rebuke from a compassionless heart!

Let us make sure we get rooted and grounded in Christ Jesus lest we, without sufficient spiritual root, structure, and endurance "only for a while. If you would like to contribute to the Church for tribulations or persecutions arise because of the word, we will immediately stumble." Let us

make sure we tend our own vineyard (our life), lest the thorns, "...the cares of this world and the deceitfulness of riches choke the word, and we become unfruitful." (Matthew 13:21,22 NKJV) Let us be sure we spend more time tending our own vineyards than we do tending the other man's.

Let us all pray this prayer, "Father God, I thank you for the life you have given me. In the name of Christ Jesus, your Son, I ask for strength to be obedient to your will and to diligently serve you. Please help me keep my eyes on the path in which you are leading me and to ever be faithful to keep 'mine own vineyard.' Amen."

Miss Nelson Honored With Bridal Shower

Miss Vanessa Nelson of Warner Robins, Ga. bride-elect of Mr. Tom Stroud of Elba, whose wedding will be solemnized on July 7, 1990 in Centerville, Ga. was honored on the occasion of a kitchen-linen shower, Saturday afternoon, May 19, 1990 in the lovely home of Mrs. Herschel Williams on the Troy Highway in Elba.

Beautiful lamp-post arrangements and a spring floral spray in the chosen bridal colors of peach and teal graced the entrance to the Williams home. As guests entered the foyer they were directed to the bridal registry and were presented to the guest of honor by Mrs. Williams and to Mrs. Stroud, Mother of the groom-to-be, and Mrs. Marvin Carroll of New Brockton. The honoree was lovely in a beautiful peach brocade dress and she wore an orchid corsage, a gift from the hostesses.

Many lovely and useful gifts were displayed in the master bedroom and on the sun porch and lower deck.

Floral arrangements of gladiolus, day-lilies and roses were placed throughout the party rooms and on the deck. Baskets of fern surrounded a massive wild hydrangea arrangement in a grapevine basket placed in the gazebo. A topiary of spring flowers were placed on the beautifully appointed refreshment table on the upper deck where where guests were invited to enjoy delicate pastries, nuts and a cooling fruit punch. Serving were friends of the couple, Misses Julie Sullivan, Pam Windham, Amelia Bedsole, Pam Young and Mrs. Eddie Vaughn.

The hostesses presented the honoree a beautiful hand-crocheted occu bedspread, dust ruffle and pillow shams.

Approximately fifty guest called between the hours of two and three-thirty.

Assisting Mrs. Williams in this delightful event were hostesses Mrs. James Blair, Mrs. Tim Bradshaw, Mrs. Billy Davis, Mrs. Rex Ham, Mrs. Glen Johnson, Mrs. Donald Lawford, Mrs. James Maddox, Mrs. Charles Matthews, Mrs. Robert Parker, Mrs. Hoyt Beal, Mrs. Jimmy Smith and Mrs. Fred Young.

The future groom is the grandson of Mr. and Mrs. Fazel Weeks of Elba, and the late Mr. and Mrs. Louie Bradshaw of Elba.

He is a 1984 graduate of Elba High School and is presently employed by Kleinfelt's, Inc. of Elba.

The wedding will take place on Saturday, June 30, 1990 at four o'clock in the afternoon at the First Assembly of God Church in Elba.

A reception will immediately follow the ceremony in the church fellowship hall.

No local invitations are being sent. All friends and relatives are invited to attend.

The bride-elect is the granddaughter of Mrs. Maurine Marler and the late Mr. Alton Marler of Elba, and the late Mr. and Mrs. Roscoe Tidwell of Rutledge, Alabama.

She is a 1989 graduate of Elba High School and is presently employed by Kelley Foods of Alabama, Inc. of Elba.

LEGAL NOTICE

RESOLUTION RECOGNIZING A POTENTIAL CRISIS IN SOLID WASTE MANAGEMENT AND REQUESTING A WAIVER OF THE SOLID WASTE MORATORIUM

It is hereby resolved by the Coffee County Commission that there exists a potential crisis in solid waste management in Coffee County necessitating a waiver of the solid waste moratorium imposed by Legislature of Alabama in Act No. 89-824. In accordance with the provisions of said Act and Chapter 420-3-6 of the Rules of the State Board of Health, the Coffee County Commission hereby requests a waiver of the solid waste moratorium based on the following information:

1.) The governing body having jurisdiction over Coffee County, Alabama and each member of the governing body is as follows:

Coffee County Commission
P. O. Box 456
Elba, Alabama 36323 (205) 897-5430

Hon. Billy Eagerton, Chairman
Hon. Sid Averett, Commissioner

Hon. Damascus Crittenden, Jr., Commissioner

Hon. Jim Dubose, Commissioner

Hon. Bill Faulk, Commissioner

Hon. Robert Stephens, Commissioner

2.) The existing Coffee County Sanitary Landfill serves the entire area and population of Coffee County which encompasses 677 square miles and has a population of 41,930. The jurisdiction and location of the solid waste facility has been shown on a county highway map labeled Attachment "A".

3.) Coffee County presently operates the only sanitary landfill in the county. A detailed description of that facility is as follows:

a) A map of the existing sanitary landfill with a legal description has been included as Attachment "B".

b) Based on a report provided by Carter, Darnell and Grubbs Engineers, Inc. and documented in Attachment "C", the remaining solid waste capacity in the Coffee County Sanitary Landfill is approximately 700,000 cubic yards. With the estimated solid waste utilization rate of Coffee County being 37,500 tons per year, the existing facility has a remaining life expectancy of 7 years.

c) The Coffee County Sanitary Landfill was opened January 1, 1980, and is presently owned by Coffee County. This facility operates under ADEM permit number 16-01R which will expire April 30, 1992. All permit inspection reports for the last three years have been included as Attachment "D". No portion of the existing waste stream is presently accepted from outside the boundaries of Coffee County.

4.) No other solid waste facilities have service areas, as defined by the Alabama Department of Environmental Management, which include Coffee County.

5.) Should a waiver be granted, the

Coffee County Commission would pursue permitting a 500 acre solid waste disposal facility to accept waste from Coffee County as well as surrounding counties.

6.) A new permit is sought for a 500 acre solid waste disposal facility with an estimated capacity of 3.6 million tons. (Based on 300 usable acres, average depth of 20 feet, 1000 lbs. per cubic yard density, and a 3 to 1 waste to cover ratio). The service area for this facility would include Coffee County, Covington County, Butler County, Crenshaw County, Pike County, Barbour County, Dale County and Geneva County. The maximum utilization rate, based on a combined population of 239,000, 6.5 pounds per capita per day, and 25 percent recycling would be 213,000 tons per year. The estimated life expectancy of this site would then be 17 years.

7.) As a result of the proposed Resource Conservation and Recovery Act (RCRA) Subtitle D regulations, a potential crisis exists in Coffee County as a result of the following:

a) The cost to retrofit the existing landfill in accordance with Subtitle "D" requirements for the entire life of the facility prevent this from being an economically viable alternative.

b) Coffee County will not have ample time to plan, construct and permit a regional facility between the last date of the moratorium and the effective date of the Subtitle "D" regulations.

c) No other alternatives exist for the disposal of solid waste generated in Coffee County.

Based on the foregoing information, the Coffee County Commission recognizes that a potential crisis exists in Coffee County which poses a threat to both human health and the environment. The Coffee County Commission has determined that the only viable and safe alternative to the disposal of solid waste is to develop a regional solid waste landfill to be operated by Coffee County and made available for use by neighboring counties.

Accordingly, be it resolved by the County Commission of Coffee, County, Alabama that a request for a waiver of the solid waste moratorium is made to the State Health Officer, to allow time to plan, permit and construct a regional landfill in accordance with Subtitle "D" in order to prevent the potential crisis in Coffee County from becoming a reality.

THE PRESSBOX

By Ricky Mularz

Our oldest daughter is seven-years-old and our youngest is 16-months, so, while we're not exactly novices when it comes to raising kids, we still have a long way to go. The latest chapter to our book on child raising came last week when we discovered the baby playing in a bucket filled with pennies and coughing like she had just swallowed something. We couldn't find anything in her mouth and felt like we had gotten a little lucky; however, about one day later she began crying when she would swallow and also began running a temperature. We tried to assure ourselves that it was really nothing more than a cold, but we finally needed some reassurance and headed off to the Emergency Room. X-rays proved no penny had been swallowed and the sore throat was just that, a sore throat!

You learn by experience, and you can bet that the next time something like that happens, we'll probably stay calm for a while and then ... head right back to the ER!

WEATHER AND PLAY COMBINES FOR SHORT WEEK

Rain always plays havoc with scheduled ballgames and last week we had both rain and a school play that interrupted ball playing in the city. The rain washed away the Monday games, while the school play was Thursday and since a whole bunch of kids were included in the cast, the games were also called off. Oh, well, one night is better than none!

In the little bit of action that was played, the Warriors finally came to life in the Men's Softball League and claimed two wins. The Warriors appeared to have a pretty good team early in the season, but fell apart a couple of weeks ago and almost dropped out of the league. After winning two games last week there are at least two teams that probably wish they had called it quits.

The Dixie Youth League saw the Cardinals continue to stay atop the standings with a big win over the Tigers. The Cards have more than enough punch and three solid pitchers, making them the mid-season favorite to take the league title.

Over in Babe Ruth action it is crowded at the top as the Dodgers, White Sox and A's are now all tied for the top spot with 4-3 records. The Dodgers may have the most talent, but the White Sox and A's are playing solid baseball every night out and it looks like it will be real interesting for the rest of the season.

In Girl's Softball there was plenty of action in both the 12 and Under and 16 and Under, while the youngest bunch took the week off. In these leagues everybody has fun and at the end of the folks look up at the scoreboard to see who won. This is what it's all about!

CITY POOLS OPEN WITH EXPANDED HOURS

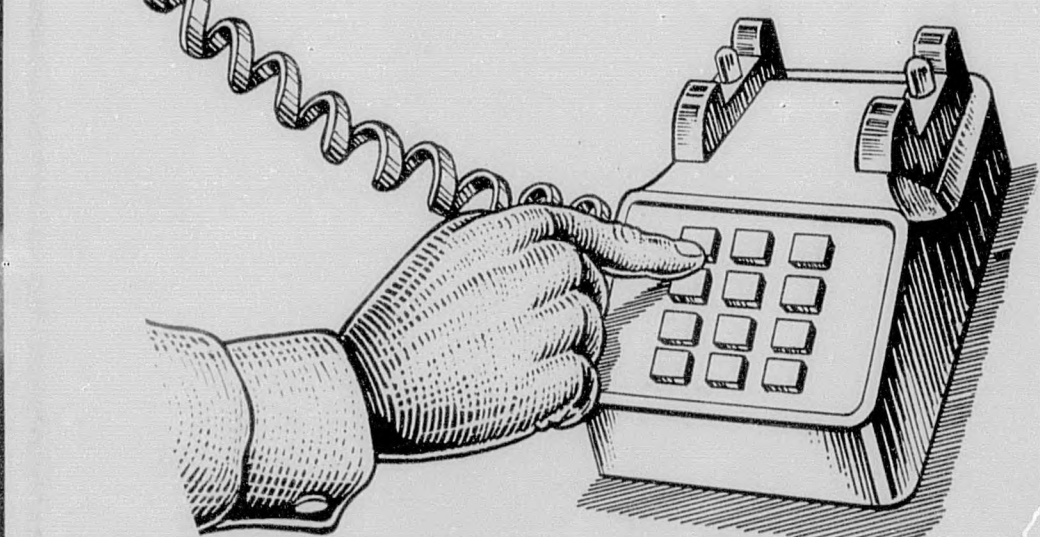

The City Pools at Hawkins-Williams Park and Mulberry Park both opened last week to large crowds and the swimmers will find more good news when they learn that the pools will experiment with longer hours of operation. The Hawkins-Williams pool will open from 10:00 a.m. until 10:00 p.m. on Saturdays for a couple of weeks to see how folks like night swimming, while both pools will open from 10:00 - 6:00 during the week once school opens. At \$1 for children and \$2 for adults, it's the cheapest entertainment around!

DIXIE BASEBALL DONATION IS TOO MUCH TO ASK FOR

State and District officials from Dixie Baseball of Alabama were in town last week and presented the Elba Department of Parks and Recreation with checks totaling \$1,400 to be used to help the Dixie Youth and Dixie Minor programs recover from the recent flood. The checks were added to a check from the Southern DYL League, of Dothan, bringing the total donations received from various Dixie Youth Leagues across the state to \$1,700. A great deal of equipment and uniforms were lost in the flood, but with the help of such great friends, no kids will have to go lacking!

Elba Parks & Recreation receives USTA grant

The United States Tennis Association announced last week that the Elba Department of Parks and Recreation had been chosen to receive a Seed Money Grant.

The USTA awards nearly 40 seed grants each year to communities across the nation and this year the grants totaled almost \$40,000. The

purpose of the grants is to help community tennis organizations initiate and expand programs and the grants are awarded on a need basis, based on a request for funding.

"The USTA is committed to the development of grass roots recreational tennis and is thrilled to assist communities in introducing new opportunities to their residents," said Randy Hester, USTA coordinator of Junior Recreational Tennis.

"We applied for the grant several months ago in hopes of expanding our tennis program in the city," stated Ricky Mularz, Elba Recreation Director, "and the grant will be used to introduce tennis to the youth of Elba. We will employ tennis instructors to teach the youngsters and it is hoped that when the kids grow up, they will continue to play the sport of tennis."

The Sugarplums rallied late to edge the Stars 11-10. The Sugarplums trailed 10-8 in the fourth inning, but rallied in the fifth for the win.

Brittany McCall, Stephanie and Mary Margaret Jacobs all got 3 hits for the Sugarplums, while Jana Carley and Kayron Whitworth both added 2. Angie Laney, Landia Caldwell and Melissa Kidd and Wendy Boutwell all got 3 hits for the Stars.

The Gems jumped ahead early and held on to lick the Lollipop 10-5. The Gems grabbed a quick 5-0 lead and rolled to the win.

Tarsha Brunson and Clara Parker both got 3 hits for the Gems, while Bonnie Vaughan and Reese Grant both got 2 hits each for the Lollipops.

The Sugarplums grabbed an early lead and held on to nip the Lollipops 7-6. The Sugarplums jumped on 7-0 in the third inning, but had to hold on late to take the win.

Shanna Boland got 3 hits for the Sugarplums, while Brandee Farris and Mary Margaret Jacobs both added 2. Heather Cape, Anna Scarbrough, Wyndi Baker and Elizabeth Strong all got 2 hits for the Lollipops.

The Stars pulled ahead early and rolled to a 9-3 win over the Gems. The Stars jumped ahead 5-0 early and held on for the win.

Lanadra Caldwell got 2 hits for the Stars, while Angel Brunson got 2 for the Gems.

1990 Elba Tiger football schedule includes 5 games against 4A & 5A

Elba High School Athletic Director Mack Wood announced the 1990 schedule for the Elba Tigers recently and once again the Tigers play perhaps the toughest 3A schedule in the state.

"We were fortunate to get a 10 game schedule this year," stated Coach Wood, "but the schedule is just as tough as ever and it will be another challenge for our young men to be big winners."

"Neville and Charles Henderson are both gone from our schedule," added Wood, "while new faces will include Monroe County, Slocumb and Georgiana. Monroe County is a big 5A school with loads of athletes and we have to go there this year, which will make it doubly tough, while Slocumb jumps into our Area and will make it an even tougher Area than before, and Georgiana played second in the state last year in 2A."

The schedule includes three 5A schools and a pair of 4A schools," said Wood, "which means half our regular season games will be against teams larger than us."

Following is the 1990 Elba Tiger football schedule:

The Elba Athletic Club sponsored a Men's Class D Softball Tournament last weekend and claiming the top prize in the annual event was Tisa's, from Ft. Walton Beach, Florida.

Tisa's posted five straight wins to take first place in the 16-team tournament, with the wins coming over Clayton Skinkers, Norm's, Barbour Merchants, Powder Keg and High Rollers.

The High Rollers placed second, while Powder Keg finished third and Pro Sports placed fourth.

Windham Power Lifts and The Red Brahma, both of Elba, found round going as both teams posted 1-2 records.

The Red Brahma was awarded a 7-0 forfeit when El Bethel failed to field a team.

The Padres defeated the Athletics 27-19, while the Royals outscored the Braves 30-15.

Following are highlights of both games:

PADRES 27
ATHLETICS 19

The Padres led all the way to defeat the Athletics 27-19. The Padres jumped ahead 7-0 in the first inning and kept scoring to take the win.

Adam Waddall, Dustin Stinson, Lee Scarbrough and Ryan Jackson all got 4 hits for the Padres, while Austin Boothe, Britt Grimes, Jason Abbott and Evan Maddox added 3 apiece and Gunter Akridge collected 2. Job Bowers got 5 hits for the Athletics, while Eric Jordan added 4 and Justin Vann, Jeffery Fuller, Chris Boswell and Charley Windham all added 3 and Jason Guley got 2.

ROYALS 30
BRAVES 15

The Royals scored, and scored, and scored as they whipped the Braves 30-15. The Royals grabbed an early 5-0 lead and then poured it on to claim the win.

Pete Manning, Aaron Coleman and Caleb Doster all got 5 hits for the Royals, while Alan Head, Josh Lawford and Gavin Mauldin collected 4 each, Adolphus Washington got 3 and Alan Samuel and Jamie Cook both got 2.

Senior Citizens Of Cordelia St. Meet

Members of the Senior Citizens of Cordelia St. met for their weekly meeting on May 17 at the new location on Farris Street in the Community Room. We are still not used to the new location. We sure hope that soon we will be back in a center of our own. Some of our

members were absent for various reasons. There was talk of gardens, the weather, and still plenty of talk of the flood and some of the results members suffered. Dominos were played and plenty of conversation. Another day of sandwiches for all. We plan to go to a Senior Citizen gathering Wednesday, May 23. Those attending were:

It began to look like that when the Senior Citizens of Cordelia St. met for their weekly meeting at the Community Room on Farris Street on May 24 that there wouldn't be a meeting after all. Many of our folks went to Dothan the previous day for the Older American Day and just didn't feel like coming. One member, Aileen English is in the hospital at Dothan. Others had previous engagements. Even though our group was small, we all had a great time.

Gardening news was exchanged and others spoke of the day in Dothan. Some just visited. Still another sack lunch. We will be glad when we will be able to cook and eat again. Those attending were:

Brooks To Play In All Star Game

By Willie A. Flowers
At a time when accomplishments are so much and memories are so many one senior at Elba High is expanding his memories. This athlete, Anthony Brooks, voted in among other players of his caliber to be a part of the Alabama Football All Star Game. The Game will be played this June in Mobile at the University of South Alabama. Even though Brooks has many years of experience in the game he is looking forward to it and credits his other team mates for this chance.

I think it is a honor to be representing my school and city in this way. "I'm a little nervous from excitement but I plan to do my best," said Brooks. "Another thing is that I know I'll have to do good because there are so many other players on the Tiger Team and in our area who could be making the trip in my place."

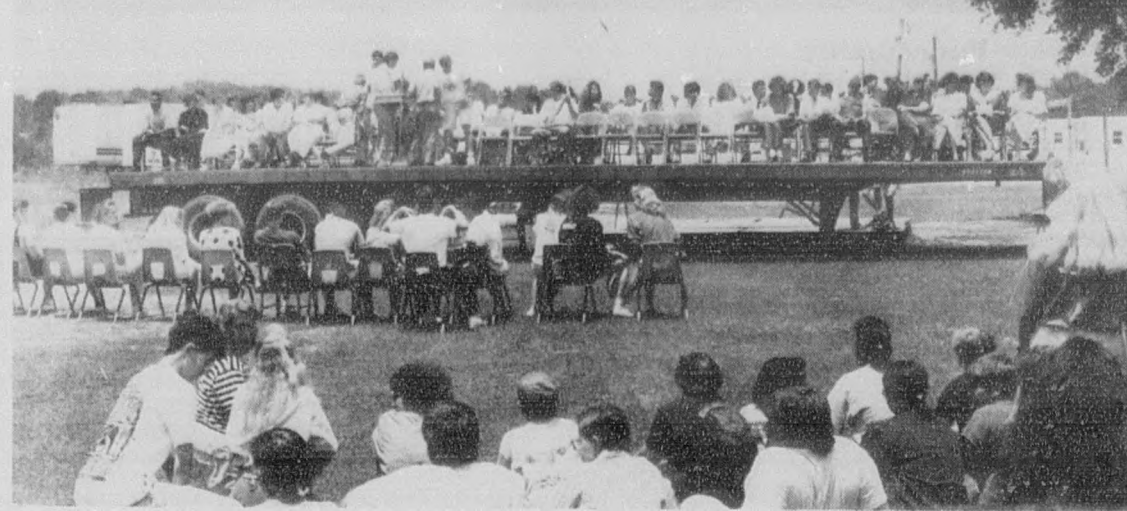

Since most of the players on the All Star team have not played since early winter they all attended a mini camp on the weekend of May 19-20 in Birmingham. This camp was to get the players back into shape and let them get a feel of what to look forward to in June.

Going to the game with A.B. will be Coach Mack Wood. Coach Wood will be the Offensive Coordinator for the East team. He is looking forward to the June All Star game but is no stranger to the event. Since he has been before as Defensive Coordinator.

"I'm really excited for myself and for A.B.," stated Wood. "It should be a lot of fun because we have so much talent. I've got to pick up Todd Boland of New Brockton, Greg Soggins of Dothan and Steven Coleman who played with the State 4A Champions Pike County Bulldogs," he added. These players all made a difference during their own season and should during the all Star Game."

Brooks, who signed with the University of North Alabama feels that his time with the other All Star players will help him prepare for his college career.

"I know it should be a good experience for me to play with these other players from around the state. This will help me see what's going to be at the college level since most of the Elba National Guard, the P.E. class met in the gym and had the option of playing either basketball or volleyball. Now since the class has been temporarily set up at the Elba National Guard, the P.E. class has no facilities to use during the class period except a steel fence Elba and his records show it. Being a member was excited about finding the 89 season shows that he had the something to use as a substitute to will and dedication for the game in get some exercise and just pass away high school that will make a difference in college. Good luck A.B.!

Honors Day Observed At Elba High School

By Tina Coleman
Students teased that Honors Day was actually "Chad Tindol" Day at Elba High School. Well, they weren't all wrong but there were other students awarded for outstanding accomplishments on that day. Representatives from different colleges and technical schools presented awards to many students. Chip Quisenberry presented 2 year scholarships to Joe Brooks, Stacey Ward, Kevin Mathews, and Christy Smith from Enterprise State Junior College. Ann Greshen from McArthur State Jr. College presented Tammy Hodge, Rachelle Boothe, Sylvia Richards, Kathy Fuller, and Bobbie Jo Layton with 2 year scholarships to attend that school. Representing Troy State University was Anne Marie Bell and she presented full scholarships to Bridgette Rodgers, Katie Hodge, Ashton Smith, Calista Fleming, and Cynthia White. Susie Butts represented the University of Alabama in awarding Mat-

thew Morrow and Chad Tindol with scholarships. She also awarded Chad Tindol with a University of Alabama College County Alumni Association Scholarship. Our Tiger Tales Editor, Phil Boggan, received a full scholarship from Lin Wood representing Livingston University. The National Merit Award was given to Chad Tindol. Howard Moore presented Delisa Mitchell with a scholarship from Kleinfert's. The U.S. Army Reserve Scholar Athlete Award was given to Kevin Mathews by Sgt. Adkinson. The Juniors receiving the "I Dare You" award were Jim Goodson, and Amy Osburn. Kathy Davis from Ozark Aviation and "Technical" College awarded scholarships to Jason Colvin and Kenny Sweet. Charlie Johnson received a scholarship from Wallace College in welding. Anthony Brooks "AB" received a full athletic scholarship from the University of North Alabama. Chris Thomas

got a full baseball scholarship to Wallace State Jr. College. Math Awards were presented the Chad Tindol, Matthew Morrow, Delisa Mitchell, and Kevin Mathews. Senior members of the Sr. Beta Club received honor sashes. Valedictorian, Chad Tindol and Salutatorian, Matthew Morrow received special sashes. The Senior Honor Students received gold ropes to be worn on their robes. They were: Stacey Ward, Joe Brooks, Katie Hodge, Delisa Mitchell, Ashton Smith, Cynthia White, Calista Fleming, Kevin Mathews, Matthew Morrow, Chad Tindol. Out of 6,000 nominees of the Buffalo Rock competition, Chad Tindol received the Buffalo Rock WTVY student of the Year Scholarship Award.

We congratulate all the recipients of these many honors and awards. This year has certainly been a difficult one, but these students survived to be the best in spite of the odds.

This week's category: Top 10 things to do at Elba High School's graduation.
1. Estimate how many video cameras are on the premises.
2. See how many prospective graduates get pulled from the line for overdue library books.
3. Admire Judith Tucker's piano playing.
4. Take bets on how long the stadium will stand.
5. Enjoy the lovely aroma ascending from river mud on the field.
6. Wonder what Helen McCollough is doing right about now?
7. Time intervals between screams of babies.
8. Enjoy the lovely aroma ascending from river mud on the field.
9. Amuse yourself by throwing dried cakes of mud at faculty members.
10. Wonder why Valedictorian address lasts almost as long as the NBA Playoffs.

PAUL HUBBERT

On the issues :

- On Improving Education:**
 - Testing new teachers and retraining experienced teachers who receive poor evaluations
 - Ending social promotion of students
 - Guaranteeing that Alabama students who graduate from high school really can read and write
 - Making classes smaller so each student will receive more teacher attention
 - Tutoring children after school
- On Caring for Alabama's People:**
 - Making health care available for the elderly
 - Ensuring that our state's rural citizens continue to receive quality medical care — including the delivery of babies and reducing infant mortality
- On Workforce:**
 - Helping people get off welfare by providing training and education and helping them find jobs
- On Prison Reform:**
 - Prisoners should be required to do hard labor and earn their keep
- On Drugs:**
 - As governor, Paul Hubbert will declare a state of emergency, utilize the full capability of the National Guard and all services available to the state to rid our schools and communities of the scourge of drugs
- On Developing Alabama's Economy:**
 - Requiring companies who use our coal, gas and oil create jobs for our people
 - Improving our highways, roads and bridges so Alabama's people and produce all have access to our state's markets
- On Protecting Alabama's Environment:**
 - Keeping out of state polluters from dumping in Alabama
 - Toughening laws that protect Alabama's waters and beaches

DONATIONS FOR ELBA HIGH SCHOOL -- Home Economics students at Elba High School celebrated an early Christmas when Alabama Electric Cooperative, recently donated various kitchen appliances and accessories to the department to replace items lost in the March flood. Shown looking over the new appliances are from left to right, Mickey McCollough, Elba principal; Marsha Oggs, home economics instructor; Ann Dyess, home economics instructor; Steve Thomas, Alabama Electric; and Skipper Spurlin, Alabama Electric.

Alabama Electric Cooperative Gives Appliances To Elba High School

Although the calendar says Christmas is still seven months away, you would have a hard time convincing Elba High School home economics instructors Ann Dyess and Marsha Oggs that the holiday season hasn't already arrived.

Alabama Electric Cooperative power supplier for the city of Elba, recently donated various kitchen appliances and accessories to the school to replace items lost in the March flood that swept over the entire town.

Included were refrigerators, two ovens, and two microwaves and smaller appliances like mixers, electric skillets, food processors and accessories.

"This is just like Christmas," said Mrs. Oggs. "Donation of these appliances will help our department tremendously."

The flood destroyed most of the school and forced Elba students to attend classes in temporary facilities at the local National Guard Armory.

The 150 students enrolled in home economics were having to use a griddle, hotplate, toaster oven and a small refrigerator in their daily classes.

"Now we can offer lab work that previously we were not capable of having," said Mrs. Ann Dyess. "We can have more students participating in the kitchen."

The new appliances will also ease the strain on keeping an adequate supply of food for use in classes. Both instructors were having to travel to distant grocery stores every other week for purchases and then store the food in their homes.

"Donations like this have helped us get on with the school year," said Elba Principal Mickey McCollough. "It's been difficult but we're optimistic that construction of our new school will be completed as early as 1991."

Newly-appointed Supt. of Education Charles Pierce agrees "We've been overwhelmed by the contributions being sent to the school. Without them, we would be on one leg."

"When elected, I'll install a toll-free telephone number so that I'll be as close as your nearest telephone."

"When elected, I'll sponsor legislation to require our prisoners to adopt every mile in the state. We'll clean up Alabama and make the prisoners earn their keep."

HEROES

By Millie Lott

A lot has happened this year, and we the Senior Class of '90, have handled it pretty well. But lets take some time to recognize the people we consider our idols. Because without them we would not be the people we are.

Quiss Jones - My hero is God because there's no one like him & my mother, who is the best mother in the whole world. I would not trade her for anything in the world. Mom, I love you!

Keith Henderson - Coach Wood is my idol he does things his way no matter how the team votes or feels. When I grow up I want to be just like Mack.

Wade Hart - Charlie Daniels, 'cause he's a simple man!

Anissa Tillis - Jackie Stoudmire is my hero because I think that he is the best boyfriend in the whole world.

Diedra Lowery - Liz Clayborne, is my hero because she's made a significant mark on fashion.

Sharon Hylton - God is my hero. When ever I have a problem, hurt, or down, he is always there to help me & lift me up. And I know I can always depend on him.

Bridgette Jones - My mother is my idol because no matter how bad things got she never turned her back on me. When I couldn't turn to anyone else I could turn to mom. Thanks for everything, Mom, I love you!

Kevin Barnes - Everyone that strives to be the best that they can be, set goals in life, and achieve their goals. Those people are my heroes.

Tina Coleman - I don't have what you would call a "hero" but I do have a great mama that I look up to alot. She's stuck by me through everything & I love her. It's nice having a mother who is also your BEST FRIEND.

Phil Boggan - My hero is Mickey Mouse! Mick & I have the same birthday.

Rachelle Boothe - My hero is my mother because she is a kind, sweet, loving person. No matter what you did wrong, she will always be there and understand. Really, she is my best friend.

Anthony "AB" Brooks - My idol is the best. Always there when I need him. Can do no wrong, for he is perfect, he created you & me.

Jay Grider - My idol is Jose Conesco of the Oakland A's. I admire his homerun hitting ability and the fact even when he strikes out, he does it colorfully.

Spence Ziglar - My hero is Tom Bodette of Motel 6. He has a good motel.

Kevin Matthews - My idol is Sam Kinison, because he defends me everywhere. He gives the advice we need to have better relationships with women. He is the only one I know that can explain what love is really like.

Michelle Lott - I guess I can say anyone has rebelled against the "system". By "system" I mean conformity. Those who are never afraid to express themselves, matter what the price. "Keep the spirit!"

Ryder McCollough - My hero is Sam Kinison, because he defends me everywhere. He gives the advice we need to have better relationships with women. He is the only one I know that can explain what love is really like.

Calista Fleming - Barney Rubble, because he has so much authority!

Candi Stokes - My idol is Sonny Inman, because he has the "cutest legs!"

Betsy Mapwood - My idol is Arina Baker, because she's talented & goes for what she wants out of life.

Bobbie Layton - My idol is Barbie, because she's always smiling. Ha! Ha!

Ayanna Smith - Sonny Ellison is my hero, because she's her own person, she's alot of style and class, not to mention she's a success.

Ernest "EB" Brooks - Anthony "AB" Brooks, because he is always there when I need someone to talk to and he's like a big brother to be & I love him as a brother.

Christy Smith - The lord is my hero, I shall not worry. He protects me from Whitworth when I'm in a hurry.

But being more serious, All joking aside, It's time to get ready. His coming is nigh.

Joe Brooks - Hank Williams Jr. 'cause he is a man of steel.

Kenny Sweet - Dan Garbis, because he's "Big Daddy".

Jason Colvin - My hero is Philip Morris! I couldn't have made it through school without him.

Shane Spurlin - Bo Jackson, because he knows everything.

Rob Kirkland - My hero is Joe Isuzu from the Isuzu commercials.

Chris Armstrong - My hero is Cynthia White. My hero's are my brothers, for looking after me and protecting me since my father's death. To Alvin for being a father-figure and Don for being the best friend I have ever or will ever have.

Delisa Mitchell - Popeye, because he's so strong & handsome.

Melony Byrd - Bart Simpson, do you even have to ask why, dude?

Chris Thomas - Will Clark, because he's the "natural".

Kirby Lawford - Yosemite Sam, I like his beard.

Miclette Jackson - Wayne, because he is always there to pick me up when I fall.

Shelia Nelson - My hero is Kristy Bane. Maybe one day I can grow up and be just as intelligent as she is. And I hope I can always use common sense just like her too.

Tammy Hodge - my parents because they are a part of my life. They help me make it to get this great education, and they will always be my hero's.

Kristy Bane - Judson Vaughn, he is the only one that can put a smile on my face, no matter how large the frown & 'cause he's so cute.

Christie Farris - The Auburn Tigers, because they're great!

Matt Morrow - My list of role models is long, but P. C. Morrow is at the top (right behind Bear Bryant).

Chad Tindol - I narrowed my list down to Jimmy Buffet, Elvis, George Bush, and Paul McCartney, but none of them could stack up to my daddy.

Sylvia Richards - I don't have a hero, I have two, my mom & dad. They have always been there for me when I needed them. No matter how hard thing may get they will always be there to help me get through my problems.

Regina Free - My hero would have to be my mother. She has always been there and has never let me down this far.

Penny Randolph - My hero is my Aunt Carla. I admire her because she always comes out of a bad situation with confidence.

Angie Dixon - My hero is my grandmother for helping me finish my last year of school, by keeping Hannah & encouraging me to continue.

Bridge "C" Rodgers - My hero is my mother & father, because they have taught me that no matter how the situations are I can still go through with Christ.

Jennifer Stanton - My hero's are my parents, they kept me going through not only my senior year but also when I needed them. I couldn't

ask for more understanding parents. My hero's are my mother and father. They gave it to me like that.

Christina Bradshaw - Mark Coleman is my hero. He is the most respectable and caring person I know. He is always there for me, and I love him very much.

Kathy Fuller - Wesley Harrel is my hero because I respect him & he will stand by me through thick & thin.

Ashton Smith - My hero is Sean Connery because of his great ability to portray such a wide range of characters.

Leigh Ann Jones - I have two heroes, well really a hero and a heroine. My hero's are my mother and father. They are always there to pick me up when I fall, offer their strength & support to lean on, and patience it takes to raise and live with a senior that doesn't know what's going on or what will happen tomorrow.

Those are the views of a few of the many seniors who can proudly say they are of the Class of '90. I think I can safely say for each and everyone of us "thank you" to those special people who have touched our lives in many special ways.

Stacey Ward - My hero's are my mother and father for having the strength to raise me, the respect to let me grow into my own person and the patience to live with what I will become.

SGA Officers Elected

By Stephanie Goodson
The Student Government association (SGA) recently held an election for officers and representatives to serve during the 1990-91 school year.
Sharon Rodgers was elected SGA President. The qualifications for SGA President are that he/she must maintain at least an 85 average while working on the advanced diploma, or at least a 90 average while working on the standard diploma. Jeremy Law was elected Vice President of SGA. A Vice President must maintain at least a B average. Niki Pilcher was elected SGA Secretary. A Secretary must maintain a B average.
Jeffery Flowers was elected Treasurer and must maintain a B average. The 1990-91 class representatives are Camille Haynes and Donna Holcomb - seniors, Pam Coleman and Angela Culver - juniors, Felicity Littlefield and Micheal Parker - sophomores, Laura Brown and Beverly Flowers - ninth grade, and Joey Arnold and Stacy Brooks - eighth grade. Seventh grade representatives will be Joe Cartley and Celeste Richards.
The week of May 14-18 was set aside for campaign week. On Friday May 18 at 1:10 all candidates were required to give a speech entitled "What I Can Do for Zion Chapel."

History Of The Class Of 1990!!

By Stephanie Goodson
Thirteen members of the Class of 1990 were members of the original kindergarten class at Zion Chapel Elementary School. The thirteen students that were members of the first kindergarten class are Steven Cole, Wallace Daniels, Jamie Duncan, Tate Gatlin, Stephanie Goodson, Gary Grissett, Teresa Leverett, Wesley McWaters, John Parish, Janie Pittman, Todd Rugg, Kelly Sanders, and Sharon Simmons. Mrs. Diane Taylor was their very first teacher, and Mr. Johnny Sanders was their principal.
Through the years they have gained many friends. In the first grade, Dawn Shaw, Tommy Gibson, and Derrick Coleman joined the class. Also in the first grade, the class made history. They were the first class to ever have two Little Miss Zion Chapel Homecomings. Stephanie Goodson and Wendy Bowdoin shared this honor. Todd Rugg served as their escort. Mrs. Peggy Storey was their teacher. Mr. Denby Lowrey was their new principal.
In the second grade, Mrs. Rea Young was the students teacher. At this age the students loved to play "The Dukes of Hazard," the ever-popular television show at this time. They also put on a play about Little Miss Muffet. Cade Shriver joined the class this year.
The Class of '90 had a very exciting third grade year. Mrs. Betty McIntosh was their teacher, but she had to leave Mrs. Sandra Carpenter in charge for a while so she could have her baby daughter. Melissa Johnson, Tobl Lowrey, Rhonda Pridgen, and Shea Stinson were added to the class this year.
In the fourth grade, the class began participating in 4-H Club. Mrs. Betty Reifgeese was their teacher, and the class liked to have lots of parties. Angela Campbell joined the Class of '90 in 1982.
While in fifth grade, the class performed a Charlie Brown Christmas Play. Stephanie Goodson had to play Linus and suck her thumb throughout the entire play. The students also began beginning band in the 5th grade. Mrs. Opal Stinson was their challenging teacher. The new students that joined the class were Shann Cotton, and Michelle Oglesby.
Mrs. Elizabeth Dyess was the Class' sixth grade teacher. This year the class talked of many fond memories from elementary school, and looked forward to entering high school.
Andy Danner, Jamie Downing, Jimmy Downing, Pamela Evans, Russel Gibson, Wendy Hardy, Brent Little, Keith Moultry, Calvin Newton, Kim Pearson, and Lentonious Smith joined the class when they entered the seventh grade. The class gained all of these new friends when New Hope was closed. Band students also joined the Rebel Marching Band.
In the eighth grade the students got their first taste of vocational education. One semester they took Home and Personal Management under Mrs. Marsha Oggs, and the next semester they took Pre-Vocational Agriculture under Harold Stewart. In Home and Personal Management they learned daily hygiene care and basic cooking skills. In Pre-Vocational Agriculture the class learned about farming and animals, and were able to build various items in wood workshop.
Credits for the class started adding up when the students entered the ninth grade. They were required to earn 24 credits in order to graduate in 1990. The members of the class also had to choose to work toward an advanced diploma or a standard diploma. They did not have to have any more credits for the advanced diploma, but they were required to take harder and more advanced subjects. They also had to have two credits of a Foreign Language. Mrs. Rhonda Brunson taught Spanish I and II at ZC. Ashley Wise joined the class this year.
During their sophomore year in high school, the students became more and more active in various clubs and events. They began to get very excited when events such as homecoming rolled around. Stephen Berry became a member of the Class of 1990 his sophomore year.
The Class of 1990 stuck together through everything, especially when they gave the Class of 1989 a fantastic Senior Prom. Sure, they squabbled and fussed, but when prom night came, they were there together to admire their work of art. Mary Herbert and Melinda Hodge were

Juniors Get Gifts

By Stacey Black
The Junior Class recently were given "gifts" from class sponsors, Mrs. Mary Herbert and Mrs. Melinda Hodge. Everyone in the class was given pins with "I love the Class of '91" on them. The people who showed up the Saturday morning following to help clean up were given keychains with "I love the Class of '91" imprinted on them. These people were Stacey Black, Jennifer Flowers, Donna Holcomb, Wendy Chancellor, Camille Haynes, Sharon Rodgers, Marie Jackson, Catrena Rodgers, Stephanie Adkinson, Donna Bell, Jody Miller, Shannon Linwright, Christy Anderson, Denise Flowers, Dana Cartley, and Deena Grant. The people who stayed and helped carry the chairs that were used for the prom back to New Brockton Farm Center were also given car signs with the "I love the Class of '91" printed on them. These signs attach to car windows with suction cups. These people were Stephanie Adkinson, Sharon Rodgers, Donna Holcomb, Jennifer Flowers, Stacey Black, Denise Flowers, and Camille Haynes.

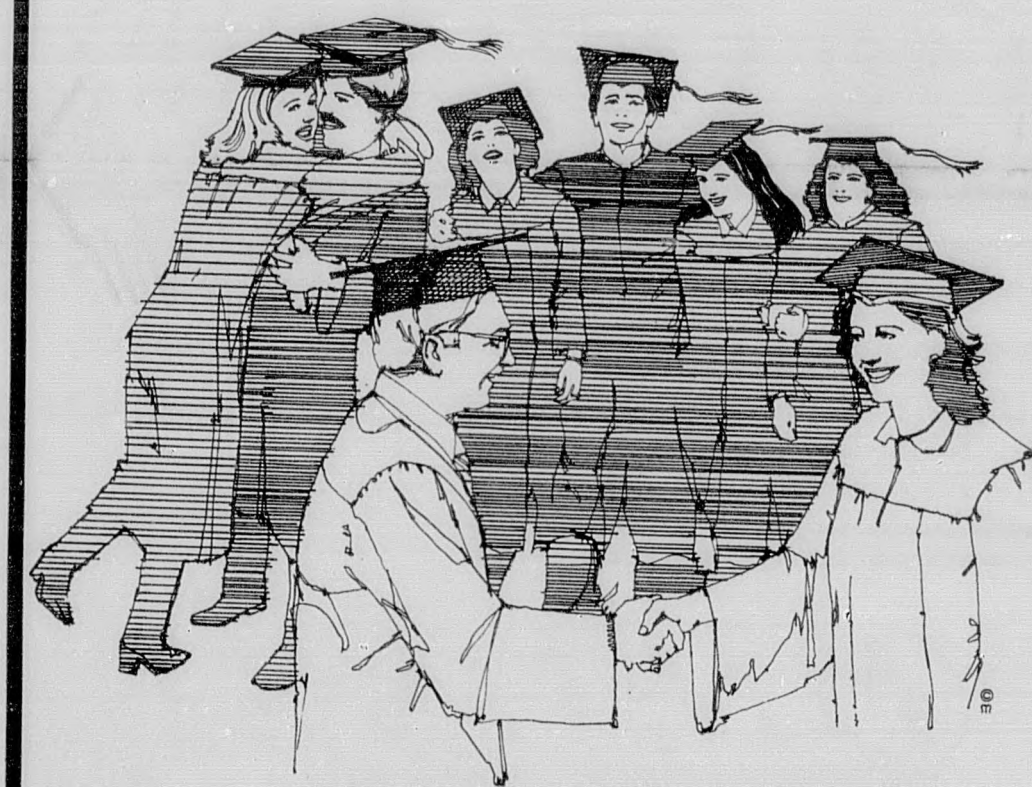

Basketball Players Have Spring Tournament

By Jeffery Flowers
The Zion Chapel Rebel Basketball team just held a spring tournament in preparation for the 1990-91 season. Coach Tom Walker put Junior varsity and Varsity layers on teams which were divided evenly. The teams also consisted of some of this year's basketball players.
The teams played for a total of six days and they played two games a day. The winning team's players were: Chris Dewberry, Jeffery Flowers, Tyrre Smith, Ashley Money, and Gray Williams. These players all received trophies. When asked if he thought the spring tournament was a success, Coach Walker answered, "Yes, I think it was and also saw a lot of improvements."
